

TRUST FUNDING POLICY AND GUIDELINES

I. Policy and Purpose

The Sioux Valley Energy Customers' Trust will be funded by Operation Round-Up® voluntary contributions from members of the Sioux Valley Energy and from other sources of funds available to the Trust. Operation Round-Up® contributions will be used primarily in the local area served by the Cooperative for charitable and educational purposes, including emergency energy assistance.

II. Major Funding Categories

Although there are many worthy charitable and educational projects and community needs in our local area, the limited availability of funds requires us to establish funding priority categories as follows, with annual budget allocation ranges for each category:

1. Programs and projects designed to promote greater economic stability by helping to expand and diversify local economies, with emphasis on business retention and expansion, new business development and tourism.
2. Programs and projects that encourage cooperation among regional and community economic development organizations.
3. Community leadership programs designed to improve problem-solving skills and empower people to become self-reliant in identifying solutions to local economic and social problems.

C. Education and Youth (10% to 30%)

1. School scholarships and other programs and projects with an emphasis on math and science education and cooperative educational programs.
2. Programs that are designed to combat critical social problems affecting our children and youth, with an emphasis on children and teens at risk.

3. Programs and projects that promote wellness and encourage youth participation in athletics and physical fitness activities.

2. Funds distributed under this funding category shall comply with Minnesota Statutes Section 268.371, and South Dakota Statutes Section 1-36-20.
